

## Lottery Process

### **Application Deadline**

To be included in the Lottery, applications must be ***complete*** and submitted to the office by **Monday, March 5<sup>th</sup> at 4:00.**

Completed applications received AFTER the first Monday in March will be placed on our wait list in the order received.

### **Lottery**

**Tuesday, March 27, 9:00 a.m.**

- If there are more applications than openings in any grade level, then by NC law a charter school must conduct a lottery.
- Sibling applications are given enrollment priority, if the family has a currently enrolled student who will re-enroll the following year.

### **WAIT LIST**

A Wait List for each grade level is created when all openings in that grade level are filled, and students on the list will be contacted if and when an opening occurs. Names are added in the order completed applications are received. It is probable that ArtSpace might offer a spot to most families who meet the Lottery deadline.

### **PROCESS**

For each completed application, an index card will be placed in a bowl and randomly drawn, by grade level, one card at a time. After openings are filled, the cards are drawn to determine the order of the Wait List, by grade level.

Families are notified in writing of Lottery results (grade placement or wait list placement) within two weeks.

Enrollment forms are due 2 weeks after notice of acceptance.
